Product Description

Circle making machine (circle making + butt welding) for environmental protection dust removal framework

Full automatic ring and butt welding machine is widely used for environmental protection dust removal framework

Loop + butt welding, multi-functional, fully automatic.

All materials can be round iron or flat iron, which can be customized according to customer needs.

Nickname

All in one machine for circle and butt welding, Automatic steel circle o and bending with welder wire ring making butt welding machine Circle making and butt welding machine 2-8MM Grill Fan Guard Wire Ring Butt Welding Making Machine

Performance characteristics

1.Servo feeding, fast looping speed, hydraulic cutter, simple and fast, great strength. Making circle + butt welding can be completed at one time, saving time, labor and labor.

2. The whole machine CNC lathe + CNC milling has good coordination and precision. It is more guaranteed than similar products, faster and more efficient.

Structural details are displayed one by one:

1. Horizontal and vertical two groups of straightening guard wheel, thickened and hardened, double ball. The safety wire is well straightened and more durable.

2. 4 groups, 8 wire feeding forming wheels, with large force, stability and wear resistance. There are only 3 groups and 6 similar machines from other manufacturers. Moreover, the processing is accurate, and the surface of the trunking is specially smooth.

3. The increased and thickened all red copper strip with special insulation has stronger conductivity and more guarantee for welding. The surface is transparent and can be seen with real materials.

Assembly workshop of all-in-one circular butt welding machine

Technical parameters of fast looping butt welding machine

Technical parameter		
Model	JQDH2-6MM	JQDH2-8MM
Wire diameter range (MM)	Hard wire2-4MM Flexible cord2- 6MM	Hard wire2-6MM Flexible cord2- 8MM
Servo device	2.6KW+7B	2.3KW+10B
Hydraulic device	1.5KW	2.2KW
Maximum wire feeding speed(M/MIN)	85	52
Circle diameter range(MM)	50-600	50-600
Circle diameter Tolerance (MM)	±0.3	±0.3
Welding power	50KVA	60KVA
Pneumatic brand	Taiwan SNS	Taiwan SNS
Solenoid valve brand	Taiwan,AirTAC	Taiwan,AirTAC
Overall dimension (CM)	220*142*127	220*142*127
